

CertainTeed  
**Impact Resistant**  
Shingles

Shown: Landmark Special in Weathered Wood

**CertainTeed**   
*Quality made certain. Satisfaction guaranteed.™*

A strong roof.  
A stylish home.

Our impact-resistant  
shingles will give you both.

Having a roof that's extra strong shouldn't mean compromising on style. That's why we give you choices to suit your needs and tastes—even when it comes to impact-resistant shingles. Each of the options below have an added fiber glass backing. It's there to provide an enhanced level of impact-resistant protection over and above the high durability these popular, strong shingles already possess. Each of these shingles have proven they can stand up to the force of a two-inch steel ball dropped from twenty feet without cracking.

**Landmark TL Ultimate** An impact resistant version of our dramatically thick luxury shingle offers you the distinct look of natural wood shakes, not to mention a lifetime warranty. Made of three laminated layers of the industry's strongest roofing materials, it's dimensional in appearance and unparalleled in durability.

**Landmark Special** With soft shadow lines, a random tab design and a patented color blending process, Landmark Special gives your roof the classic shades and dimensional appearance of natural roofing materials. Designer looks combine with high durability to produce a shingle with a 50-year warranty.

**XT 30** With the added impact resistance, this traditional three-tab shingle offers a level of protection that's far from everyday. It's available in several colors and has a 30-year warranty.

Some insurance companies offer premium discounts for the use of UL2218 Class 4 products; check with your agent to see if you are entitled to a discount.

## Color Companion Products™

Want it all to match? CertainTeed offers Flintlastic™ SA, a low-slope roofing product that goes perfectly with impact-resistant shingles. It's available in several colors, giving you the flexibility to coordinate or match areas such as porches, canopies and carports with your main roof.

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.

4. **Consider the pitch**—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. **Ask your contractor**—They might be able to point you to a home where they've installed a roof of your style and color.

### Enjoy the extra confidence of SureStart™ protection

Your warranty is strong on its own. But you also get the added confidence of SureStart protection. That simply means if any problem due to a manufacturing defect occurs during the SureStart period, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.

### Add a little accent to your roof.

Use CertainTeed XT™ 30 IR UL 2218 Class 4 impact-resistant roofing shingles of the same color for capping hips and ridges. Double capping will add depth and dimension.

Hip & Ridge Cap Shingles

Shingles

Roofers' Select™

WinterGuard™

## Integrity Roof System.™ Give your home the best protection.

### WinterGuard™

Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in vulnerable areas.

### Roofers' Select™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

### Shingles and Accessories

High-quality shingles are covered by one of the best warranties in the business. Accessory products—starter course, and hip and ridge cap shingles—complete your roof from start to finish.

### Ventilation

Proper attic ventilation improves air circulation.

# Easy selection. Long-term protection. And a #1 rating with building and remodeling professionals.

## What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years, and we have thousands

of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

## Not sure which color to pick? Check out CertainTeed's ColorView.

ColorView is our interactive tool to help you visualize product style and color options. Using it is easy (and even a little fun). Just go to [certainteed.com/colorview](http://certainteed.com/colorview).

You've got questions? For answers, or to find the professional contractor nearest you, call our Consumer Hotline at 800-782-8777.

Protected under the following patent: 5,951,809.
