INDEPENDENCE Shingle®
Premium Shingles

Shown in Colonial Slate

CertainTeed 
Quality made certain. Satisfaction guaranteed.™

Warm like wood.
Smooth like slate.
But otherwise,
in a class by itself.

Independence Shingle® is unique and uncompromising. Its distinctive surface is the product of an unusual color blending process, but its underlying character comes from our patented Shingle® design, featuring a one-piece full-size base shingle, random laminated tabs and deep shadow lines for a dramatic, dimensional appearance no other asphalt shingle can claim.

And to ensure its longevity, a special formulation of embedded copper granules is warranted to protect your roof for a full 10 years against the streaking and discoloration that can be caused by airborne algae.*

Protect yourself.

Shingles and Accessories

High-quality shingles are covered by one of the best warranties in the business. Accessory products—starter course, and hip and ridge cap shingles—complete your roof from start to finish.

Ventilation

Proper attic ventilation improves air circulation.

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.
4. **Consider the pitch**—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. **Ask your contractor**—They might be able to point you to a home where they've installed a roof of your style and color.

Add a little accent to your roof.

For an extra finishing touch, CertainTeed offers Shadow Ridge™, an added accessory for capping hips and ridges. It comes in several colors, meaning there's one to coordinate with your Independence shingles.

Easy selection. Long-term protection. And a #1 rating with building and remodeling professionals.
