Your home is one of a kind.

Presidential Shake will make sure it stands out.

There are certain homes that just call for a shake roof. Is yours one of them? In the past, wood shake roofs typically belonged to only a few styles and regions, but today the possibilities are wide open with Presidential Shake luxury shingles from CertainTeed. No matter your address, you can give that distinct, staggered-edge shake look to your roof. Not to mention amazing durability.

Here's what distinguishes Presidential Shake:

Wood shake styling The shades, the textures, the sculpted rustic edges and staggered design all combine to do one thing: give your roof all the charm and beauty of authentic wood shakes at a fraction of the cost.

True originality You're choosing an original, not an imitator. Presidential Shake was the first of its kind, and no other shingle replicates the look of real wood shakes quite so stunningly.

StreakFighter™ Warranty It's an important feature. One that tells you a special manufacturing process was used to protect your shingles from the streaking and discoloration caused by airborne algae.

Superior two-piece construction Composed of two laminated layers of the industry's most durable materials, Presidential Shake exceeds the toughest performance standards. These shingles are built to last.

In the end, we're proud to offer you Presidential Shake as part of a full range of choices in luxury-level shingles—and not just because it represents many of the design innovations we introduced to the industry. But because we know it's going to give your home a look that's hard to match.

Add a little accent to your Presidential Shake.

For an extra finishing touch, you can choose an added Presidential Accessory for capping hips and ridges to match your Presidential Shake shingles.

Weathered Wood

Wood Tone

Integrity Roof System.™ Give your home the best protection.

WinterGuard™

Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in vulnerable areas.

Roofers' Select™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

CertainTeed Shingles

High-quality shingles are covered by one of the best warranties in the business. Accessory products—starter course, and hip and ridge cap shingles—complete your roof from start to finish.

Ventilation

Proper attic ventilation improves air circulation.

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.
4. **Consider the pitch**—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. **Ask your contractor**—They might be able to point you to a home where they've installed a roof of your style and color.

Enjoy the extra confidence of
SureStart™ protection.

Your Presidential Shake warranty is strong on its own. But, you also get the added confidence of SureStart protection. That simply means if any problem due to a manufacturing defect occurs within the first 10 years, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.
